2025 GREEN DRIVES CONFERENCE OFFERS SPONSOR PACKAGES, EXHIBITOR SPACE!

THURSDAY, MAY 8

The Illinois Alliance for Clean Transportation invites commercial and government fleets, community leaders, and the public to attend its annual **Green Drives Conference and Expo** on **Thursday, May 8**, at **Powering Chicago's IBEW-NECA Technical Institute, 6201 West 115th Street, Alsip, IL 60803**.

Green Drives is the longest-running clean-vehicle conferences held in the Midwest. It is a **must-attend event for commercial and municipal fleet managers, dealership personnel, businesses, conversion companies, suppliers, and clean-tech professionals**.

Attendees not only get a chance to network with experts from throughout the nation and the region, but they learn of first-hand experiences from fleets currently using alternative fuels and electric vehicles. Attendees also get the chance to test drive vehicles of all different sizes.

Highlights of this year's program include:

- **Free admission** is available for commercial or government fleet managers/decision-makers to attend the conference that **sign up BY 5PM CT ON MARCH 31, 2025**. Email info@il-act.org for details. **Only one free ticket per organization.**
- Fleets will showcase their best practices in using alternative fuels, electric vehicles, and other cleaner, more fuel-efficient technologies, while saving money and realizing strong ROI.
- Advanced technologies, electric vehicles, and alternative fuels will be showcased, including **dozens of green vehicles and indoor exhibitors**. It is **free to sign up to exhibit your green vehicle**. An alternative fuel and electric vehicle **ride-and-drive** will also be held. **No personal vehicles in the ride and drive. Must have proof of insurance.**
